Welcome and Introductions were made and the adoption of the October 8th minutes were approved as written.

- Again the need for a small group of the committee is needed to review the performance indicators in the current revision of the TEMS protocols. The review of the indicators would provide the guidance needed to continue to look at performance improvement and allow for the benchmarking needed to ensure that the protocols are being adhered to and utilized as appropriate as possible when treating the patients within the TEMS region.
- Goals of Trauma PI Committee
- Gene Marie McGee addressed the group in reference to the recent Trauma Site review that was held at the State OEMS regarding the trauma care at the state level and was inquiring if any of the participants in the meeting had been made aware and had given any input regarding the numerous suggestions that were made.
- Meeting dates that are set for the upcoming year are 02/11, 04/14, 06/09, 08/11, 10/13 and 12/08.
- Dates to remember located at www.tidewaterems.org
